GOOD COFFEE

is one of the strong points in the Meals and Lunches we serve at our restaurant. We furnish toothsome eats at a price that makes you want to come again.

F. A. LOSHBOUGH

GOVERNOR AND YORK INDORSE HEALTH MOVE

BOTH OFFER SERVICES TO TENNESSEE ANTI-TUBERCULOSIS ASSOCIATION'S CAMPAIGN.

Only one other state in the Union had a higher native death rate from Tuberculosis than Tennessee last year, and that was Kentucky. It is because of this peril that Governor A. H. Roberts has offered his services as State Chairman to the Tennessee Anti-Tuberculosis Association, and Colonel Alvin C. York has also offered to serve on the executive committee of the coming campaign to sell Red Cross Christmas Seals from the 1st to the 10th of December.

In this state 4,551 people died of Consumption last year according to the State Board of Health. And since many investigations held throughout the country show that for every death there are eight people left infected with the "Great White Plague," there are now more than 36,000 cases of Tuberculosis in this state.

The Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country have found that the plague is controllable, preventable and curable. It is not hereditary. The germs get into the lungs from dust laden air, public drinking cups and other such conveyances and stay there till the vitality of the body is so reduced that they can get to work and finish the job that unhealthy living conditions has made possible.

During the past year the four public health nurses of the state association have visited every county in the state. Their reports show that they talked to the school children, teaching them to be healthy. They investigated the cause of diseases such as sewerage, the disposal of garbage, the water supply. They visited folks stricken with tuberculosis and taught them how to fight the disease.

"The problem of bettering the public health is a tremendous one and the splendid co-operation and service of the Tennessee Anti-Tuberculosis Association with the State Boards of Health, Charity and Education enables me to endorse their campaign with pleasure," said Governor Roberts. "The society is doing wonderful work in teaching us that we are not only responsible for our own health, but that we are also responsible for that of our neighbors. I am glad to commend it and to urge the people of the state to support this campaign."

HUNT FOR "TB" SOLDIERS

What has become of Tennessee's 2,200 soldiers who were discharged or rejected in the draft because they were suffering with Tuberculosis and who are fighting for their lives against this disease? This question is being asked daily by the Tennessee Anti-Tuberculosis Association who is constantly feeling the names of these men from the surgeon-general's office and who have been unable to get in touch with the majority of them.

When the facts were published about the results of the selective draft the whole country stood aghast at the report that out of the two million and a half men called to the colors 69,000 of these were rejected because of Tuberculosis and that later 21,000 men were discharged from active service for the same reason.

These men are not hopeless cases. If taught how to care for themselves they can fight off the disease and become useful citizens and this is what the Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country propose to do.

But thus far only a small percentage of the 2,200 rejected and discharged men in this state have been found. Many have moved, and many more when they were discharged, did not come home. At the present time every effort is being made by the state association to find these men that they may be helped back to health.

FOR OUR HEALTH

Tennessee needs more Fresh Air Camps, Open Air Schools, Public Health Nurses and Sanitariums to fight Tuberculosis. The money raised in this drive is to be expended in Tennessee for these things and to educate and prevent disease.

It is for these reasons that the campaign has been endorsed by the Governor and a host of prominent Tennesseans and that everybody should aid in stamping out the "Great White Plague."

MODERNIZED TENNYSON.

I sneezed a sneeze into the air
It fell to the earth I know not where
But keen and strong were the looks
Of those
In whose vicinity I snoze.

Our Clientele Grows

Nor on promises, but upon performances.

DRY CLEANING AND DYING

In business since 1835.

Prompt delivery.

Send goods by Parcel Post.

TEASDALE 625-627 WALNUT ST.
CINCINNATI, OHIO.

The IMPOSTOR

FRANK
L.
PACKARD

To be becalmed for days—yes, weeks on a fever-stricken ship—to see the native crew and white officers go down, one by one until all but you had gone; to miraculously escape the fate of your comrades only to encounter adventures you never dreamed of, then to learn that you are marked for death at the hands of an assassin only to be saved by a—

But read the story for yourself. It's a gripping and thrilling tale from first to last.

Watch This Paper for the First Installment of

Our New Serial

This thrilling story starts in this issue; don't fail to read it.

—Albuquerque Journal.

"How long," says Cy, when the rain had stopped
As we perched upon a log,
"Should a mud-puddle hev to get
Before it hatches a frog?"

YES, SIR!

He spent his health to get his wealth,
And then, with might and main,
He turned around and spent his wealth
To get his health again.
—Buffalo Sanitary Bulletin.

FOR SALE—Pure bred, singlecomb, brown Leghorn roosters at \$1.00 each. Mrs. G. F. Brookhart, Peavine.

H. L. Spencer is now working on the first of ten residences he will build in his Crossville addition in the north end of town. The houses will be from three to six rooms and will be built for rent. Houses are badly needed in Crossville and this should not only help out but prove a good investment for Mr. Spencer.

K. L. Bilbrey has returned to Crossville to remain as he did not succeed in closing a satisfactory deal in the hardware line at Sparta. The fact that they are to remain citizens of Crossville will prove very gratifying to our people as it would have been with such regret that our people would have seen this excellent family move away.

BIGLICK

Rev. J. B. Cobble filled his regular appointment here Sunday.

Sunday school is doing well under the leadership of our Superintendent T. S. Randolph.

Little Cora Burgess has been quite sick but is better now.

Miss Stella Hale is home again after a pleasant visit in Campbell county.

Mrs. Virgil Hale has had with her two sisters, Mrs. Lizzie Stamps and family and Miss Maude Rector. After a pleasant week visiting friends Mrs. Stamps and family returned to their home in Putnam county. Miss Maud will stay some time longer.

Miss Dora Bradley spent last week in Crossville visiting her brother, Will Bradley.

Mrs. John Selby, who went to Rockwood to consult the Dr. is much improved and we hope will be well again soon.

Mrs. T. E. Wilson has returned to her home in Harriman after spending some time with home folks, the Rheas.

John Reed has moved into his new house built on the old Croft farm.

John Kerley is much improved. He is home from a visit with his brother, Tom, at Newton.

Mrs. Martha Hassler is home from a visit with her son, Tom, at Pomona.

Mrs. Laura Hale is with her mother, Mrs. L. C. Brown.

Riley Burgess was here Sunday, Nov. 3. Snow Ball.
